Alamo Heights Junior School Health Guidelines

Objective: The objective of the Alamo Heights Junior School Health Program is to build knowledge, develop skills, and provide awareness of health issues in an effort to prepare and empower students to value and engage in healthy lifestyles both in and outside of school.

Health Course Description:

Health is designed to promote awareness through learning regarding health issues that affects a students’ immediate and long-term wellness. As a way to maintain a healthy balanced life, students discuss the importance of ones social, mental-emotional, and physical wellness. Health education provides students with knowledge and tools necessary to confront health related issues and make responsible healthy choices throughout his/her lifetime.

Content: The following concepts will be discussed within a 9-week grading period.
  - Self Esteem / Body Image / Self Concept/character Ed/5 forms of mistreatment
  - Nutrition
  - Drug Awareness
  - Relationships: Friends and Family
  - Coping with Conflict/personal and group behavior responsibilty
  - Growth and Development

A permission slip will be coming home for this section of health.

Assessment and Evaluation:

50% Class Assignments - includes discussions, group work, participation, class work, and reflection questions.

50% Projects and Presentations – consists of an assignment that requires multiple concepts and may take several days of class time to complete.

Class Supplies and Materials:
Each student will need to bring the following to class daily:
  - Agenda
  - Pencil or pen
  - Health Folder or notebook for journaling and note taking when needed.

Most assignments will be completed on the classroom computers in Google Classroom (each student will have their own account).

There is a class set of Health textbooks. Health textbooks will not be issued to each student.

Google Chrome books and Online Resources:

Chrome books: Students will be assigned a Chrome book computer during class time. We will be turning in and completing most assignments on the computer.

Google Classroom: Students will use Google classroom as their main site to turn in assignment and locate class resources, notes, and questions.

*Personal electronics of any kind are kept in the student’s locker during the day and will not be allowed in class.
Homework:
Most health lessons and activities will be completed in the classroom. The only time a student will have homework is if they need to include parent or family discussion in any assignment for class.

Make-up and Late Work:
Make-up work is the **responsibility of the student**.
1. In general, one day for each day absent will be given to make up assignments.
2. Lunch Bunch is available to make up work.
3. Copies of assignments and handouts can be found in the google classroom.

Classroom Participation Expectations:
Do your **P.A.R.T.**
Be **Prepared**
   - Actively participate
Be **Respectful**
   - Take ownership

Discipline Procedures:
- **Warning** – first time discipline issue occurs, I will speak to the student about issue.
- **Contact** – second time issue occurs, parents will be contacted either by phone or email.
- **Consequence** – the next time issue occurs, an office referral will be written.

Communication:
I am here to provide success for your student in health. Anytime you need to reach me, please feel free to contact me anytime. I update my webpage every week where current information and assignments will be posted. Also, students can access their Google classroom to ask questions or access class resources. I sincerely hope that your child leaves this class at the end of the nine-weeks with a true passion for healthy lifestyles.
